

FRESH RANGE

www.fresh-range.com

A fresh approach to food shopping

Dozens of local producers in one online store. One sustainable delivery for Bristol and Bath.

A local, direct supply chain from Somerset, Gloucestershire, Dorset and Devon producers means fresher foods at lower prices.

And it's easy. Choose delivery to work or home. We deliver several times a week, even when you're out.

RANGE**

Fresher foods

We are passionate about fresher food for a better taste and higher nutritional value.

Foods marked with the fresh-range logo are delivered to you within hours of them arriving from the farmer, fisherman, maker or baker.

Why buy food from a supermarket shelf when you can buy it direct from the source?

Lower prices

Save £s on your food shopping. fresh-range highlights your favourite foods at lower prices than Asda, Sainsbury's, Tesco and Waitrose.

How? By sourcing fresh produce directly from local producers and immediately delivering to you, we virtually eliminate the need for physical stores. We keep food miles to a minimum, reduce waste and cut out middlemen.

What's more, because we pay producers the majority of the retail price, they can afford to reduce prices for you too.
